

Loom

Loom je program za snimanje ekrana računara, koji se može preuzeti kao Chrome aplikacija ili kao aplikacija za desktop. Kreirane snimke se arhiviraju u Loom-ov cloud (oblak) čiji je kapacitet neograničen. Loom uključuje jednostavan alat za rezanje početka i kraja snimka, ali ne i druge karakteristike za uređivanje video zapisa. Pri snimanju omogućava pauziranje snimka u bilo kojem momentu i nastavak snimanja naknadno. Može snimati ekran i web kameru, ili samo zaslom ili samo web kameru. Snimka se pohranjuje na loom.com, ali se može preuzeti i u MP4 formatu.

[Međunarodno udruženje "Interaktivne otvorene škole"](#) organizuje vebinar kako koristiti ovaj alat. Vebinar je namijenjen nastavnom osoblju više škola ili jedne škole.

Sadržaj je prilagođen potrebama polaznika/ca naročito u slučaju interesa jedne škole.

Možete se prijaviti putem linka: [PRIJAVA](#), kako bismo Vas blagovremeno obavijestili o terminu održavanja.

Minimalna grupa za održavanje vebinara je 15 prijavljenih učesnika/ca. Ako ste zainteresirani kao škola, a imate manje od 15 polaznika/ca javite nam se za dogovor.

The screenshot shows the Loom website interface. At the top, the URL <https://www.useloom.com/share/794ebc2e836c4f0495da1e4f5242ee0a> is visible. The main content area features a video player with the title "How to record" by Lauren Cunningham, dated October 19, 2018. To the right of the video player, there are several options: "Send Your Video" with a "Copy Link" button circled in red, "Edit Your Video" with options for Settings, Password, Trim, Call-to-action, and Custom Thumbnail, and "Share on Slack". A red arrow points to the URL bar.

This screenshot shows a Loom video player with several annotations. The video title is "9 Examples of Newsletters Subscribers Can't Wait to Open". Annotations include: "Edit the title" pointing to the video title; "Chat with others in the comments" pointing to the comments section; "Share or embed" pointing to the share and embed icons; "Download" pointing to the download icon; "Change video permissions" pointing to the lock icon; and "Add timestamps or notes for yourself or others." pointing to the timestamp input field. A "Save" button is visible at the bottom.

This screenshot shows a Loom video player displaying a Google Slides presentation. The slide title is "Class Today - March 15" and the content includes a list of subjects: Maths, History, Language, French, Drama, and Science. The video title is "Today's class via Google slides" by Lauren Cunningham, dated March 20, 2020. The video player interface shows a progress bar at 0:08 / 0:13 and various control icons.
